Subject: ROBERTS, Kerry (c)  
(c), (f)

Case: 2022-112-0033

1. On February 1, 2022, I along with Trooper Connor Keefe went to (f) to speak to Kerry Roberts concerning the investigation into the death of John O'Keefe on January 29, 2022. The following is a summary of what Ms. Roberts told us.

2. Kerry Roberts stated that her husband Curt had been at C.F. McCarthy's with John, Karen and Michael Camerano on Friday January 28, 2022. Kerry said that her husband came home around 10:00 PM that night and did not go to the Waterfall. She said that she believes that Michael Camerano left around the same time as her husband.

3. Kerry said that she got a call from Karen the following morning around 5:00 AM stating that John was did not come home. Kerry said that Karen was hysterical and was screaming, "Kerry, Kerry, Kerry John is dead!" Karen hung up the phone. Kerry said that she started to get ready to go out and Karen called back. When she called Karen back, Karen was saying that John never came home the night. Kerry said that she drove over to Karen while she was on the phone with her. Karen was saying that they had all been drinking and she did not remember anything. Karen told Kerry that she was not supposed to be staying at John's house that night and knowing that, there is no way that John would have not come home to his niece. Karen then began to say that perhaps he had been hit by a plow. At that point, Karen was with Jen McCabe and they decided to all meet at John's house. After Kerry hung up with Karen she called Canton PD, Milton Hospital and Good Samaritan Hospital.

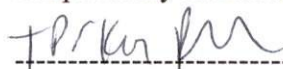

4. Jen, Karen and Kerry all looked in John's house and did not see him. Kerry noticed that the bed was made. After not finding John at the house, they decided to go to Fairview. Kerry said that while they were driving to Fairview, Karen was saying things like, "Did I hit him?" Kerry said that Karen has a big Lexus SUV. Kerry said that she noticed that the right back taillight in the middle was broken and a piece of the metal encasement was pushed forward.

5. They drove Kerry's car to Fairview. Karen's car was left at John's house. Kerry said that she tried to assure Karen that she did not hit him. They were telling her that he was going to likely turn up on somebody's couch. They drove to Fairview from Chapman. When they approached, Karen was the first to notice John. She said, "There he is, let me out of the fucking car." Karen Roberts said that she thought that Karen was crazy but then she saw the mound on the lawn. Kerry said that he was lying on his back. His arms were by his side on the grass. He was covered with snow. She noticed that his right eye was swollen and it looked like someone took a bat to it. She said that she observed blood coming out of his mouth and nose. Kerry stopped her vehicle in the middle of the road and John was about 8-10 feet away.

6. Kerry said that they began to render aide. She said that she slapped him in the face in an attempt to wake him. He was cold and they began CPR. Kerry said that she did the chest compressions and Karen administered the breaths. They also got blankets to wrap him up. Jen called 911. Karen tried to lay on top of him to try to warm him. Karen then said that he should be placed on his side in case he had to vomit. Then the EMTs arrived and took over efforts.

7. Kerry said that Karen was hysterical. She was told to sit in a car. Karen grabbed Kerry by the arm and was asking if they were really working on John or if he was he was dead. Karen started to look at her hands and was saying that she had her period. Kerry said that she told Karen that was not her blood. Kerry had Karen in her car and was driving away from the scene after John was transported. She got as far as the Kennedy School when Canton PD Officer Goode called and told her to bring Karen back because she may have made suicidal statements. Karen was then transported by ambulance from the scene.

Respectfully submitted,
